## Industrial Services of America, Inc.

### Announces Revenue Increase and Improved Operating Performance

LOUISVILLE, KY (August 8, 2018) -- Industrial Services of America, Inc. (NASDAQ: IDSA), (the "Company" or "ISA"), a company that buys, processes and markets ferrous and non-ferrous metals and other recyclable commodities, and buys used autos in order to sell used auto parts, today announced the filing with the U.S. Securities and Exchange Commission of its Form 10-Q for the quarter ended June 30, 2018.

ISA reported a 17.6% revenue increase and a \$1.5 million improvement in net income for the six months ended June 30, 2018 compared to the same period in 2017.

The Company reported a net income of \$833 thousand for the six months ended June 30, 2018 compared to a net loss of \$648 thousand for the six months ended June 30, 2017. Further, the Company reported Adjusted EBITDA of \$2.0 million during the six months ended June 30, 2018, which marks a substantial improvement compared to Adjusted EBITDA of \$907 thousand during the six months ended June 30, 2017. This improvement in operating performance was due in part to the successful restart of the Company's shredder in May 2017 as well as improvements in the Company's ferrous volumes and margins from 2017 to 2018. The restart of the Company's shredder led to favorable sales mix and improved margins. Net income was further strengthened by a non-recurring insurance settlement gain in the amount of \$487 thousand during the second quarter of 2018. This amount is excluded from Adjusted EBITDA. (See Non-GAAP Measures below.)

The Company reported a net income of \$797 thousand for the three months ended June 30, 2018 compared to a net loss of \$377 thousand for the three months ended June 30, 2017. Further, the Company reported Adjusted EBITDA of \$1.1 million during the three months ended June 30, 2018, which marks an improvement compared to Adjusted EBITDA of \$411 thousand during the three months ended June 30, 2017. This improvement in operating performance was primarily due in part to the successful restart of the Company's shredder in May 2017 as well as improvements in the Company's ferrous volumes and margins from 2017 to 2018. The restart of the Company's shredder led to favorable sales mix and improved margins. Net income was further strengthened by a non-recurring insurance settlement gain in the amount of \$487 thousand during the second quarter of 2018. This amount is excluded from Adjusted EBITDA. (See Non-GAAP Measures below.)

	Three months ended June 30,		Six months ended June 30,	
	2018	2017	2018	2017
	(in thousands)		(in thousands)	
Revenue	\$ 16,600	\$ 13,560	\$ 31,257	\$ 26,571
Net income (loss)	\$ 797	\$ (377)	\$ 833	\$ (648)
Adjusted EBITDA	\$ 1,139	\$ 411	\$ 1,955	\$ 907

Todd L. Phillips, Chief Executive Officer, President and Chief Financial Officer of ISA, commented, "I am very pleased with our overall financial performance during the first half of 2018, in particular the volumes and margins associated with the Company's shredder."

## Non-GAAP Measures

The information provided above in this release includes certain non-GAAP financial measures as defined under SEC rules. In accordance with SEC rules, the Company has provided, in the supplemental information below, a reconciliation of those measures to the most directly comparable GAAP measures. To provide additional information regarding the Company's results, the Company has disclosed in this press release Adjusted EBITDA. Adjusted EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States of America. The Company defines Adjusted EBITDA as net income (loss) excluding depreciation and amortization, share-based compensation expense, interest expense, including loan fee amortization, gain on sale of assets, gain on insurance proceeds, other income (expense), net, and income tax provision. The Company has included Adjusted EBITDA as a supplemental financial measure in this press release as it is a key measure used by management and the board of directors to understand and evaluate the core operating performance of the Company, to prepare budgets and operating plans, and because management believes such measure provides useful information in understanding and evaluating the Company's operating results. Adjusted EBITDA is also used in certain covenants contained in the Company's credit agreement. However, use of Adjusted EBITDA as an analytic tool has its limitations and you should not consider this measure in isolation or as a substitute for analysis of the Company's financial results as reported under GAAP, including net income (loss), gross profit, cash flows from operating, investing or financing activities, or any other measure calculated in accordance with GAAP. The following table presents the reconciliation between net income (loss) and Adjusted EBITDA.

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2018	2017	2018	2017
